[adding self hosted runners github docs](#) Mar 03
2020 the instructions walk you through
completing these tasks downloading and
extracting the self hosted runner application
running the config script to configure the self
hosted runner application and register it with
github actions the config script requires the
destination url and an automatically generated
time limited token to authenticate the request

http developers dropbox Jan 13 2021 like in
dropbox itself paths in the dropbox api are case
insensitive meaning that a b c txt is the same file
as a b c txt and is the same file as a b c txt this
can cause problems for apps that store file
metadata from users in case sensitive databases
such as sqlite or postgres case insensitive

collations should be used when storing
