A Darker Shade of Magic Jul 26 2019 A Darker Shade of Magic, from #1 New York Times bestselling author V.E. Schwab Kell is one of the last Antari—magicians with a rare, coveted ability to travel between parallel Londons; Red, Grey, White, and, once upon a time, Black. Kell was raised in Arnes—Red London—and officially serves the Maresh Empire as an ambassador, traveling between the frequent bloody regime changes in White London and the court of George III in the dullest of Londons, the one without any magic left to see. Unofficially, Kell is a smuggler, servicing people willing to pay for even the smallest glimpses of a world they'll never see. It's a defiant hobby with dangerous

consequences, which Kell is now seeing firsthand. After an exchange goes awry, Kell escapes to Grey London and runs into Delilah Bard, a cut-purse with lofty aspirations. She first robs him, then saves him from a deadly enemy, and finally forces Kell to spirit her to another world for a proper adventure. Now perilous magic is afoot, and treachery lurks at every turn. To save all of the worlds, they'll first need to stay alive. "A Darker Shade of Magic has all the hallmarks of a classic work of fantasy. Schwab has given us a gem of a tale...This is a book to treasure."—Deborah Harkness, New York Times bestselling author of the All Souls trilogy Shades of Magic series 1. A Darker Shade of Magic 2. Shade Jun 16 2021 All they had to do was catch him. At first, it was just another case, another serial killer to stop. They had done it countless times before; this time shouldn't have been any different. But soon, days turned into weeks. Desperation set in, and the victims started getting younger. What were they missing? Why couldn't they save the victims? They would have given their own lives just to stop that monster-to finally put an end to his killing spree. In the end, they almost succeeded. But then, eight months ago, everything went wrong. From the aftermath of one monster, a new one is born: a killer more lethal than they could have possibly imagined, like something ripped straight out of their worst nightmares. With it comes a new potential victim, struggling with the skeletons in her own closet, the guilt of past mistakes. And the longer she waits for the new monster to find her, to kill her, the more she questions if, deep down, she wants him to. The desperate hunt for a serial killer, an ex-soldier losing his grip on reality, and a victim who's not sure she's worth saving come together as past and present intertwine in this explosive psychological thriller, which begs the question: Can you stop a monster without becoming one?

Aura has always found this mysterious ability annoying and wished she could find a way to reverse it. She'd much rather the ghosts left her alone so she could spend time with her boyfriend, Logan. But when Logan dies suddenly and unexpectedly, Aura is forced to reconsider her connections with the dead... and, the living. Surely a violet-hued spirit Logan is better than no Logan at all, isn't it? And things are complicated further when new exchange student, Zachary, is paired with Aura for a class project researching the 'Shift phenomenon'. Zach is so understanding - and so very alive. His support and friendship means more to Aura than she cares to admit. And, as Aura's relationships with both the dead, and the living, become more complicated, so do her feelings for both Logan and Zach. The Ephemeral Shades of Time Apr 26 2022 "Sean Stone's *The Ephemeral Shades of Time* is an evocatively moving book of poetry. More than once, his musings had me head down to my desk in contemplation, with inspired smiles. Smiles for the fearlessness of his courage to pursue the very nature and essence of 'Soul.' From grief amid the tombstones of Sarajevo to the camps of Somalia, the visceral and metaphysical force of his imagery leaves one mindful of the pain and anguish often lost in the shadows of memory. You're asked to 'elope from the clutches of despair' and to celebrate what transcends human nature. His poems reward us with hope, and with the profound realization, 'could love by way of the heart be our link to the soul?'" --James Ragan, poet and author of *The Hunger Wall* and *Too Long a Solitude* Sean Ali Stone has been a published poet since he was 11 years old. In his most recent book, *Desiderata* by Ali, he tells a cosmic love story in the form of an adult fairy tale. Now, with his first poetry book, *The Ephemeral Shades of Time*, Sean draws upon his personal experiences, which have shaped his world view... of the schism between the heart and the head, as wide as the gulf between nations, peoples, and realities. This poetry originated in his teenage angst, set against the fin de siècle phobias of a coming apocalypse. Sean paints the dawn of the 21st Century as a world driven by the death-instinct, where humans feel increasingly alienated and obstructed from deep connection in

love. From that death instinct, the self-destructive spirit of terror, war, and despair weighed heavily on the zeitgeist. But in the spirit of death, with its great mystery, a necessary transformation occurs, like the sun chasing away the night. At the root of Sean's poetry, as it is with the human spirit, there is a resilient desire to be seen. Heard. Understood. And loved. These are the themes that recur, even as time slips through our grasp, as we age and journey, and yet... are drawn inexorably closer to our soul's truth. We are alone, unique, individual beings, but somehow sharing in a collective experience. In poetry, our essential self-expression, we are reminded how profoundly we can relate to one another at the level of feelings. Then, we are left with memories of what we once were, and once saw, and once believed. At last, as Ali writes, "I remember it all, but I prefer to forgive."

Blood and Bones - Shade Apr 14 2021 A past that defined a future...Shade has a secret. One he's hidden most of his life. Secrets created in his past. Of a broken family. A little boy lost. A flicker of light at the end of a long, dark tunnel. The only problem is, he may never escape that darkness until he sheds the chains of his past that weigh him down.* Subject matter may be sensitive to some readers. Shade Jun 28 2022 From Pete Souza, the #1 New York Times bestselling author of *Obama: An Intimate Portrait*, comes a potent commentary on the Presidency -- and our country. As Chief Official White House Photographer, Pete Souza spent more time alongside President Barack Obama than almost anyone else. His years photographing the President gave him an intimate behind-the-scenes view of the unique gravity of the Office of the Presidency -- and the tremendous responsibility that comes with it. Now, as a concerned citizen observing the Trump administration, he is standing up and speaking out. *Shade* is a portrait in Presidential contrasts, telling the tale of the Obama and Trump administrations through a series of visual juxtapositions. Here, more than one hundred of Souza's unforgettable images of President Obama deliver new power and meaning when framed by the tweets, news headlines, and quotes that defined the first 500 days of the Trump White House. What began with Souza's Instagram posts soon after President Trump's inauguration in January 2017 has become a potent commentary on the state of the Presidency, and our country. Some call this "throwing shade." Souza calls it telling the truth. In *Shade*, Souza's photographs are more than a rejoinder to the chaos, abuses of power, and destructive policies that now define our nation's highest office. They are a reminder of a President we could believe in, and a courageous defense of American values.
