Analyzing and summarizing the different types of traps, where to place them, and how best to use them to a player's advantage, this volume gives readers new ways to inflict a high level of damage, often while keeping their own fighters out of harm's way.

[Hacks for Fortnitters: Surviving the Final Circle](#) Mar 15 2021 In addition to the Solo game play mode (which pits each gamer up against up to 99 others in a real-time battle), the Duos mode allows gamers to team up with one friend in a quest to defeat all other gamers during a match. Meanwhile, the Squads mode allows teams of four players to enter into a match and work together as they battle against up to 96 other gamers. The Duos and Squads game play modes are permanent features built into the game, and they've proven to be extremely popular, since Fortnite: Battle Royale is, for the most part, cross-platform compatible.
