An Educated Woman In Prostitution May 29 2022 'But now, having travelled to the frontier of the world of sins, I no longer hesitated in trampling over the remnants of the goodness in my heart.' Manada, Maani didi, Feroza Bibi, Miss Mukherjee - the jostling identities of our beguiling and charming protagonist as she glides through a life that can be seen

as exploitative yet, also, curiously, empowering and honest. Manada's fascinating life story takes her from her wealthy cossetted upbringing to a life of debauchery and prostitution after she elopes with her married lover when in her mid-teens. She is capable, attractive and doesn't ask for pity as she struggles with illness, poverty and abandonment, but ensures that she emerges relatively

unscathed and carves a niche for herself in her profession. Manada matures and settles into a life of prostitution, entertains barristers, doctors and other men of high society. She describes her colourful life with relish but is often introspective as she places her own position as a sex worker in the context of the times, calling out young sanctimonious patriotic men who maintain a high standing in society yet

secretly fancy prostitutes. Rather tantalisingly she takes no names, only occasionally hinting at their identities, to avoid scandals and protect the double lives of men who are well-known in Calcutta in the 1920s. Weaving together multiple strands, looking beyond ideas of morality and accusations, we are presented a life of immense beauty and endurance, which is both grand in its scope and deeply intimate in its portrait.

The Armchair Economist

Aug 08 2020 Air bags cause accidents, because well-protected drivers take more risks. This well-documented truth comes as a surprise to most people, but not to economists, who have learned to take seriously the proposition that people respond to incentives. In *The Armchair Economist*, Steven E. Landsburg shows how the laws of economics reveal themselves in everyday experience and illuminate the entire range of human behavior. Why does popcorn cost so much at the cinema? The 'obvious' answer is that the owner has a monopoly, but if that were the whole story, there would also be a monopoly price to use the toilet. When a sudden frost destroys much of the Florida orange crop and prices

skyrocket, journalists point to the 'obvious' exercise of monopoly power. Economists see just the opposite: If growers had monopoly power, they'd have raised prices before the frost. Why don't concert promoters raise ticket prices even when they are sure they will sell out months in advance? Why are some goods sold at auction and others at pre-announced prices? Why do boxes at the football sell out before the standard seats do? Why are bank buildings fancier than supermarkets? Why do corporations confer huge pensions on failed executives? Why don't firms require workers to buy their jobs? Landsburg explains why the obvious answers are wrong, reveals better answers, and illuminates the fundamental laws of human behavior along the way. This is a book of surprises: a guided tour of the familiar, filtered through a decidedly unfamiliar lens. This is economics for the sheer intellectual joy of it.

Sway Jan 13 2021 A fascinating journey into the hidden psychological influences that derail our decision-making, Sway will change the way you think about the way you think. Why is it so difficult to sell a plummeting stock or end a doomed relationship? Why do we listen to advice just because it came from someone "important"? Why are we more likely to fall in love when there's danger involved? In *Sway*, renowned organizational thinker Ori Brafman and his brother, psychologist Rom Brafman, answer all these questions and more. Drawing

on cutting-edge research from the fields of social psychology, behavioral economics, and organizational behavior, *Sway* reveals dynamic forces that influence every aspect of our personal and business lives, including loss aversion (our tendency to go to great lengths to avoid perceived losses), the diagnosis bias (our inability to reevaluate our initial diagnosis of a person or situation), and the "chameleon effect" (our tendency to take on characteristics that have been arbitrarily assigned to us). *Sway* introduces us to the Harvard Business School professor who got his students to pay \$204 for a \$20 bill, the head of airline safety whose disregard for his years of training led to the transformation of an entire industry, and the football coach who turned conventional strategy on its head to lead his team to victory. We also learn the curse of the NBA draft, discover why interviews are a terrible way to gauge future job performance, and go inside a session with the Supreme Court to see how the world's most powerful justices avoid the dangers of group dynamics. Every once in a while, a book comes along that not only challenges our views of the world but changes the way we think. In *Sway*, Ori and Rom Brafman not only uncover rational explanations for a wide variety of irrational behaviors but also point readers toward ways to avoid succumbing to their pull.

The Essays of Warren

Buffett Mar 03 2020 In the third edition of this

international best seller, Lawrence Cunningham brings you the latest wisdom from Warren Buffett's annual letters to Berkshire Hathaway shareholders. New material addresses: the financial crisis and its continuing implications for investors, managers and society; the housing bubble at the bottom of that crisis; the debt and derivatives excesses that fueled the crisis and how to deal with them; controlling risk and protecting reputation in corporate governance; Berkshire's acquisition and operation of Burlington Northern Santa Fe; the role of oversight in heavily regulated industries; investment possibilities today; and weaknesses of popular option valuation models. Some other material has been rearranged to deepen the themes and lessons that the collection has always produced: Buffett's "owner-related business principles" are in the prologue as a separate subject and valuation and accounting topics are spread over four instead of two sections and reordered to sharpen their payoff. What Soldiers Do May 05 2020 "What do soldiers do presents a devastating new perspective on the Greatest Generation and the liberation of France, one in which the US military used the lure of easy, sexually available French women to sell soldiers on the invasion, thus unleashing a 'tsunami of male lust' among the war-weary GIs. The resulting chaos-ranging from flagrant public sex with prostitutes to outright rape and rampant venereal disease-

horrified the battered and demoralized French population and caused serious friction between the two nations at a crucial point as the war drew to a close."--Page 4 of cover.

The first definitive account of the rise and fall of the Secret Service, from the Kennedy assassination to the alarming mismanagement of the Obama and Trump years, right up to the insurrection at the Capitol on January 6—by the Pulitzer Prize winner and #1 New York Times bestselling co-author of *A Very Stable Genius* and *I Alone Can Fix It* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST Carol Leonnig has been reporting on the Secret Service for The Washington Post for most of the last decade, bringing to light the secrets, scandals, and shortcomings that plague the agency today—from a toxic work culture to dangerously outdated equipment to the deep resentment within the ranks at key agency leaders, who put protecting the agency's once-hallowed image before fixing its flaws. But the Secret Service wasn't always so troubled. The Secret Service was born in 1865, in the wake of the assassination of Abraham Lincoln, but its story begins in earnest in 1963, with the death of John F. Kennedy. Shocked into reform by its failure to protect the president

on that fateful day in Dallas, this once-sleepy agency was radically transformed into an elite, highly trained unit that would redeem itself several times, most famously in 1981 by thwarting an assassination attempt against Ronald Reagan. But this reputation for courage and excellence would not last forever. By Barack Obama's presidency, the once-proud Secret Service was running on fumes and beset by mistakes and alarming lapses in judgment: break-ins at the White House, an armed gunman firing into the windows of the residence while confused agents stood by, and a massive prostitution scandal among agents in Cartagena, to name just a few. With Donald Trump's arrival, a series of promised reforms were cast aside, as a president disdainful of public service instead abused the Secret Service to rack up political and personal gains. To explore these problems in the ranks, Leonnig interviewed dozens of current and former agents, government officials, and whistleblowers who put their jobs on the line to speak out about a hobbled agency that's in desperate need of reform. "I will be forever grateful to them for risking their careers," she writes, "not because they wanted to share tantalizing gossip about presidents and their families, but because they know that the Service is broken and needs fixing. By telling their story, they hope to revive the Service they love."

Thomas Hardy (2nd June 1840

11th January 1928) was an English novelist and poet. He was influenced by Romanticism and it has been reflected in his novels and poetry. He was criticised by the Victorian society on the issue of the declining status of rural people in Britain. He was basically a poet. Initially he started writing poems. But he gained fame after his novels, such as *Far from the Madding Crowd*, *The Mayor of Casterbridge*, *Tess of the d'Urbervilles* and *Jude the Obscure*. Two of his novels, *Tess of the d'Urbervilles* and *Far from the Madding Crowd*, were listed in top 50 on the BBC survey- *The Big Read*. The story of *Tess of the d'Urbervilles* revolves around a 16 year old very simple girl, named Tess Durbeyfield, who is the eldest daughter of John and Joan Durbeyfield. Since the family suffers acute financial crisis, so they approach the d'Urbervilles family who are holding huge land and having lot of money. There Tess meets Alec d'Urberville, who finds himself attracted to Tess. When Tess started working as a caretaker of Alec's blind mother's poultry farm, Alec gets an opportunity to rape her. After that there are many ups and down in Tess's life. She meets Mr. Crick for another job. She also meets one more fellow Angel Clare, who is a travelling farmer's apprentice. They marry each other. But after knowing her story, again there is a turn in Tess's life. How she manages all such situation, how she meets all the financial aspects, lot of things happen with Tess. Even Alec and Angel both start searching

for Tess. So, the story has become very interesting, full of climax. How Tess meets Alec or Angel? Whether she gets involved with any of these two again? There are so many presumptions. Readers will surely enjoy the story, full of suspense and never expected ups & downs in the life of all the characters. At last, how Angel helps Tess and her family is the climax. Go ahead and must grab the book. A must read book for self development and how to be a good leader.

Why are all the good mangoes exported from India? Why should we pay our house help more? Why do we hesitate to reach out for that last piece of cake in a gathering? Are more choices really better? Why do many of us offer a prayer but are reluctant to wear a seatbelt while driving?

Are Indians hardwired to get grumpy at a peer's success? What's common between a box of cereal and your résumé? Can economics answer all these questions and more? According to Dr Sudipta Sarangi, the answer is yes. In *The Economics of Small Things*, Sarangi using a range of everyday objects and common experiences like bringing about lasting societal change through Facebook to historically momentous episodes like the shutting down of telegram services in India offers crisp, easy-to-understand lessons in economics. The book studies the development of familiar cultural practices from India and around the world and links the regular to the esoteric and explains everything from Game Theory to the Cobra Effect without depending on graphs or equations—a modern-day miracle! Through disarmingly simple prose, the book demystifies economic theories, offers delightful insights, and provides nuance without jargon. Each chapter of this book will give you the tools to meaningfully engage with a subject that has long been considered alienating but is unavoidable in its relevance.

The Satirical Gaze Sep 08 2020 This is a scholarly study which focuses on satirical prints of women in the late 18th century. Cindy McCreery's detailed exploration of this relatively neglected genre extends our knowledge of contemporary attitudes towards women and offers a new dimension to our understanding of Georgian culture.

Women in Wartime Nov 30 2019 Women in Wartime demonstrates the startling acuity and prescience of the repertoire in responding to the war-steeped culture of the period.

Patriots, Prostitutes, and Spies Oct 02 2022 In *Patriots, Prostitutes, and Spies*, John M. Belohlavek tells the story of women on both sides of the Mexican-American War (1846-48) as they were propelled by the bloody conflict to adopt new roles and expand traditional ones. American women "back home" functioned as anti-war activists, pro-war supporters, and pioneering female journalists. Others moved west and established their own reputations for courage and determination in dusty border towns or bordellos. Women formed a critical component of the popular culture of the period, as trendy theatrical and musical performances drew audiences eager to witness tales of derring-do, while contemporary novels, in tales resplendent with heroism and the promise of love fulfilled, painted a romanticized picture of encounters between Yankee soldiers and fair Mexican señoritas. Belohlavek juxtaposes these romantic dreams with the reality in Mexico, which included sexual assault, women soldaderas marching with men to provide critical supportive services, and the challenges and courage of working women off the battlefield. In all, Belohlavek shows the critical roles played by women, real and imagined, on both sides of this

controversial war of American imperial expansion.

Covered in Ink Apr 15 2021 This book provides insight into the subculture of women with

tattoos. Thompson visits tattoo parlors, talking to female tattoo artists and the women they ink, and she attends tattoo conventions and Miss Tattoo pageants where heavily tattooed women congregate to share their mutual love for the art form. Thompson finds that, despite the stigma and social opposition heavily tattooed women face, many feel empowered by their tattoos and strongly believe they are creating a space for self-expression that also presents a positive body image.

Freaks and Friends Oct 22 2021 Why don't flight attendants get tipped? If you were a terrorist, how would you attack? And why does KFC always run out of fried chicken? Over the past decade, Steven D. Levitt and Stephen J. Dubner have published more than 8,000 blog posts on Freakonomics.com. Now the very best of this writing has been carefully curated into one volume, the perfect solution for the millions of readers who love all things Freakonomics. Discover why taller people tend to make more money; why it's so hard to predict the Kentucky Derby winner; and why it might be time for a sex tax (if not a fat tax). You'll also learn a great deal about Levitt and Dubner's own quirks and passions. Surprising and erudite, eloquent and witty, **Freaks and Friends** demonstrates the brilliance that has made their books an international sensation.

[When to Rob a Bank](#) Jun 29 2022 In celebration of the 10th anniversary of the landmark book **Freakonomics** comes this

curated collection from the most readable economics blog in the universe. It's the perfect solution for the millions of readers who love all things **Freakonomics**. Surprising and erudite, eloquent and witty, **When to Rob a Bank** demonstrates the brilliance that has made the **Freakonomics** guys an international sensation, with more than 7 million books sold in 40 languages, and 150 million downloads of their **Freakonomics Radio** podcast. When **Freakonomics** was first published, the authors started a blog—and they've kept it up. The writing is more casual, more personal, even more outlandish than in their books. In **When to Rob a Bank**, they ask a host of typically off-center questions: Why don't flight attendants get tipped? If you were a terrorist, how would you attack? And why does KFC always run out of fried chicken? Over the past decade, Steven D. Levitt and Stephen J. Dubner have published more than 8,000 blog posts on the **Freakonomics** website. Many of them, they freely admit, were rubbish. But now they've gone through and picked the best of the best. You'll discover what people lie about, and why; the best way to cut gun deaths; why it might be time for a sex tax; and, yes, when to rob a bank. (Short answer: never; the ROI is terrible.) You'll also learn a great deal about Levitt and Dubner's own quirks and passions, from gambling and golf to backgammon and the abolition of the penny.

[SuperFreakonomics](#) Nov 03

2022 The New York Times bestselling **Freakonomics** was a worldwide sensation. Now, Steven D. Levitt and Stephen J. Dubner return with **SuperFreakonomics**, and fans and newcomers alike will find that the "freakquel" is even bolder, funnier, and more surprising than the first. **SuperFreakonomics** challenges the way we think all over again, exploring the hidden side of everything with such questions as: How is a street prostitute like a department store Santa? Who adds more value: a pimp or a Realtor? What do hurricanes, heart attacks, and highway deaths have in common? Did TV cause a rise in crime? Can eating kangaroo meat save the planet? Whether investigating a solution to global warming or explaining why the price of oral sex has fallen so drastically, Levitt and Dubner show the world for what it really is—good, bad, ugly, and, in the final analysis, superfreaky.

Painted Love Dec 12 2020 In this engrossing book, Hollis Clayson provides the first description and analysis of French artistic interest in women prostitutes, examining how the subject was treated in the art of the 1870s and 1880s by such avant-garde painters as Cézanne, Degas, Manet, and Renoir, as well as by the academic and low-brow painters who were their contemporaries. Clayson not only illuminates the imagery of prostitution—with its contradictory connotations of disgust and fascination—but also tackles the issues and problems relevant to women and men in

a patriarchal society. She discusses the conspicuous sexual commerce during this era and the resulting public panic about the deterioration of social life and civilized mores. She describes the system that evolved out of regulating prostitutes and the subsequent rise of clandestine prostitutes who escaped police regulation and who were condemned both for blurring social boundaries and for spreading sexual licentiousness among their moral and social superiors. Clayson argues that the subject of covert prostitution was especially attractive to vanguard painters because it exemplified the commercialization and the ambiguity of modern life.

Think Like A Freak Jul 31 2022 Steven Levitt and Stephen Dubner single-handedly showed the world that applying counter-intuitive approaches to everyday problems can bear surprising results. Think Like a Freak will take readers further inside this special thought process, revealing a new way of approaching the decisions we make, the plans we create and the morals we choose. It answers the question on the lips of everyone who's read the previous books: How can I apply these ideas to my life? How do I make smarter, harder and better decisions? How can I truly think like a freak? With short, highly entertaining insights running the gamut from "The Upside of Quitting" to "How to Succeed with No Talent," Think Like a Freak is poised to radically alter the way we think about all aspects

of life on this planet.

Charity Girl Oct 10 2020 During World War I, after an impulsive night with an infected soldier, Frieda Mintz, a seventeen-year-old Jewish girl, is sent to a makeshift detention center for medical treatment with other "charity girls" in similar circumstances. *SuperFreakonomics, Illustrated edition* Sep 01 2022

Superfreakonomics—the smash hit follow-up to the remarkable New York Times bestselling phenomenon Freakonomics—is back in a new full-color, fully illustrated and expanded edition. The brainchild of rogue economist Steven D. Levitt and Stephen J. Dubner that once again brilliantly challenges our view of the way the world really works is presented with a new, visual, superfreaky dimension added, enhancing the already provocative thinking about street prostitutes, hurricanes, heart attacks, and other seemingly mundane matters that made Freakonomics and Superfreakonomics part of the national zeitgeist.

Microeconomics Jun 17 2021 Like no other text for the intermediate microeconomics course, Goolsbee, Levitt, and Syverson's Microeconomics bridges the gap between today's theory and practice, with a strong empirical dimension that lets students test theory and successfully apply it. With carefully crafted features and vivid examples, Goolsbee, Levitt, and Syverson's text helps answer two critical questions students ask, "Do people and firms really act as theory suggests?"

and "How can someone use microeconomics in a practical way?" The authors teach in economics departments and business schools and are active empirical microeconomics researchers. Their grounding in different areas of empirical research allows them to present the evidence developed in the last 20 years that has tested and refined fundamental theories. Their teaching and professional experiences are reflected in an outstanding presentation of theories and applications.

Gang Leader for a Day Jul 19 2021 A New York Times Bestseller "A rich portrait of the urban poor, drawn not from statistics but from vivid tales of their lives and his, and how they intertwined." —The Economist "A sensitive, sympathetic, unpatronizing portrayal of lives that are usually ignored or lumped into ill-defined stereotype."

—Financial Times Foreword by Stephen J. Dubner, coauthor of Freakonomics When first-year graduate student Sudhir Venkatesh walked into an abandoned building in one of Chicago's most notorious housing projects, he hoped to find a few people willing to take a multiple-choice survey on urban poverty--and impress his professors with his boldness. He never imagined that as a result of this assignment he would befriend a gang leader named JT and spend the better part of a decade embedded inside the projects under JT's protection. From a privileged position of unprecedented access, Venkatesh observed JT and the

rest of his gang as they operated their crack-selling business, made peace with their neighbors, evaded the law, and rose up or fell within the ranks of the gang's complex hierarchical structure. Examining the morally ambiguous, highly intricate, and often corrupt struggle to survive in an urban war zone, *Gang Leader for a Day* also tells the story of the complicated friendship that develops between Venkatesh and JT--two young and ambitious men a universe apart. Sudhir Venkatesh's latest book *Floating City: A Rogue Sociologist Lost and Found in New York's Underground Economy*—a memoir of sociological investigation revealing the true face of America's most diverse city—is also published by Penguin Press.

Victory Girls, Khaki-Wackies, and Patriotutes

Nov 22 2021 "While the de-sexualized Rosie was celebrated, women who used their sexuality - either intentionally or inadvertently - to serve their country encountered a contradictory morals campaign launched by government and social agencies, which shunned female sexuality while valorizing masculine sexuality.

This double standard was accurately summed up by a government official who dubbed these women "patriotutes": part patriot, part prostitute."

Sex Among Allies Sep 20

2021 This study examines and illuminates how the lives of Korean prostitutes in the 1970s served as the invisible underpinnings to US-Korean military policies at the highest level.

The Undercover Economist Strikes Back Dec 24 2021 A

provocative and lively exploration of the increasingly important world of macroeconomics, by the author of the bestselling *The Undercover Economist*. Thanks to the worldwide financial upheaval, economics is no longer a topic we can ignore. From politicians to hedge fund managers to middle-class IRA holders, everyone must pay attention to how and why the global economy works the way it does. Enter Financial Times columnist and bestselling author Tim Harford. In this new book that demystifies macroeconomics, Harford strips away the spin, the hype, and the jargon to reveal the truth about how the world's economy actually works. With the wit of a raconteur and the clear grasp of an expert, Harford explains what's really happening beyond today's headlines, why all of us should care, and what we can do about it to understand it better.

A novel to stand alongside *Atonement* and *The Remains of the Day*. A panoramic novel with a riveting mystery at its heart, *Stone's Fall* is a quest, a love story, and a tale of murder - richly satisfying and completely engaging on many levels. It centres on the career of a very wealthy financier and the mysterious circumstances of his death, cast against the backdrop of WWI and Europe's first great age of espionage, the evolution of high-stakes international finance and the

beginning of the twentieth century's arms race. Stone's *Fall* is a major return to the thriller form that first launched Iain Pears onto bestseller lists around the world and that earned him acclaim as a mesmerizing storyteller.

A Climate for Change Jan 31 2020 Most Christian lifestyle or environmental books focus on how to live in a sustainable and conservational manner. A CLIMATE FOR CHANGE shows why Christians should be living that way, and the consequences of doing so.

Drawing on the two authors' experiences, one as an internationally recognized climate scientist and the other as an evangelical leader of a growing church, this book explains the science underlying global warming, the impact that human activities have on it, and how our Christian faith should play a significant role in guiding our opinions and actions on this important issue.

Confessions of a Hero-Worshiper Apr 03 2020 As a boy, Stephen J. Dubner's hero was Franco Harris, the famed and mysterious running back for the Pittsburgh Steelers. When Dubner's father died, he became obsessed—he dreamed of his hero every night; he signed his school papers "Franco Dubner." Though they never met, it was Franco Harris who shepherded Dubner through a fatherless boyhood. Years later, Dubner journeys to meet his hero, certain that Harris will embrace him. And he is . . . well, wrong. Told with the grit of a journalist and the grace of a memoirist, *Confessions of a Hero-*

Worshiper is a breathtaking, heartbreaking, and often humorous story of astonishing developments. It is also a sparkling meditation on the nature of hero worship—which, like religion and love, tells us as much about ourselves as about the object of our desire. *Prostitution and Beyond* Jun 25 2019 What is the diversity of perspectives on sex work in India today? This edited volume addresses this question through its sections on feminist discourse, ethnographic studies, socio-economic-legal-health frameworks and cultural reflections. The first section explores the space for women in prostitution within mainstream feminist discourse in India, and the way it has evolved over time. The second section emphasizes on the heterogeneity of sex work practices with their historical vestiges, contemporary manifestations and urban-rural contrasts. The third section examines the interface of society and prostitution, tracing economic and social undercurrents, health concerns and legal regulations. The final section focuses on the bearings of prostitution on the cultural spheres of literature, language, cinema, theatre and media. In addition to rigorous academic research, this volume also pools in case studies, live discussions and interviews, drawing the experience of a wide spectrum of professionals and organizations working with sex workers. This book is a must-read for professionals and academicians in the fields of Gender Studies, Sociology, Anthropology, Public Health

and Social Work.

"I'll tell you something: between an exploited girl and a 'free' one, I choose the exploited one. Because a girl who's being exploited has to give money to her pimp, otherwise she'll be beaten. The others, when they've earned enough they stop working. The exploited ones no: even they don't want to work, they have to stay there and if they don't pay the pimp they're beaten [...] If you think about it, you notice it is more a help than anything else. We all know they're exploited, so it's better to go with them, otherwise they'll be slaughtered!" These two tough excerpts from interviews with clients of foreign prostitution stress the core point of this work: There seems to be a different view, a different logic that moves these men in their search for commercial sex. This is the focus of the discussion and the main reason for this volume. We have attempted to study the phenomenon of trafficking from a different and innovative perspective: the demand. Trafficking in human beings for sexual exploitation (and not only) has involved all the European Union and more in general Western European countries in the past twenty years.

The Life and Times of Stella Browne Jan 01 2020 This is the first full length biography of radical reformer Stella Browne, whose life, ideas and activities overturn so many assumptions about early twentieth-century politics and feminism. Stella Brown offers her biographer a window onto many neglected areas of twentieth-century history, and this context is vividly brought to life in this book. Lesley Hall's biography explores Stella Browne's life and times, from her upbringing in Nova Scotia into her political apprenticeship and life from militant suffragism in the early 1900s through her internationalism and involvement with Margaret Sanger and the birth control and sex-reform movements, her work among pacifist, Communist and feminist circles in North America, the UK and Continental Europe. Her relations with such as Rebecca West, Winifred Holtby, Havelock Ellist, Dora Russell and C.K.Ogden are central to the biography. Based on extensive and new research in primary sources in Britain, Europe and North America and on Stella Browne's own copious (and scattered) writings, this biography gives as rounded a portrait as is possible of this vivid and original woman, whose life and ideas are shown to have been well before her time.

The Armchair Economist

(revised and updated May 2012) Feb 11 2021 The extensively revised and updated edition of Steven Landsburg's hugely popular book, *The Armchair Economist*—"a delightful compendium of quotidian examples illustrating important economic and financial theories" (*The Journal of Finance*). In this revised and updated edition of Steven Landsburg's hugely popular book, he applies economic theory to today's most pressing concerns, answering a diverse range of daring questions, such as: Why are seat belts deadly? Why do celebrity endorsements sell products? Why are failed executives paid so much? Who should bear the cost of oil spills? Do government deficits matter? How is workplace safety bad for workers? What's wrong with the local foods movement? Which rich people can't be taxed? Why is rising unemployment sometimes good? Why do women pay more at the dry cleaner? Why is life full of disappointments? Whether these are nagging questions you've always had, or ones you never even thought to ask, this new edition of *The Armchair Economist* turns the eternal ideas of economic theory into concrete answers that you can use to navigate the challenges of contemporary life.

Aphrodite's Trade Aug 20 2021 In *Aphrodite's Trade: The Hidden History of Prostitution Unveiled*, Southern historian and award-winning Tennessee author Lochlainn Seabrook takes the reader on a journey of discovery from the biological

foundations of prostitution among early humans to its sacred functions in the religions of the ancient world, then onto its vital role as a commercialized occupation in the 21st Century. Basing his findings on well established primatological, anthropological, sociobiological, mythological, and archaeological data, he reveals what few have dared contemplate: because prostitution began as a survival mechanism among our ancestors several million years ago, it is literally part of our DNA. Rather than expending valuable resources trying to suppress it, the author argues, society would be much better off understanding, accepting, and decriminalizing it. The foreword is by Xaviera Hollander, author of the international blockbuster *The Happy Hooker*. Back cover blurbs by Margo St. James (founder of COYOTE and St. James Infirmary), Carol Leigh (cofounder of ACT UP), Norma Jean Almodovar (founder of ISWFACE), and Dolores French (founder of HIRE).
