**Perspectives on Semantic Roles Jun 04 2020** Semantic roles have continued to intrigue linguists for more than four decades now, starting with determining their kind and number, with their morphological expression, and with their interaction with argument structure and syntax. The focus in this volume is on typological and historical issues. The papers focus on the cross-linguistic identification of semantic-role equivalents, on the regularity of, and exceptions concerning change and grammaticalization in semantic roles, the variation of encoding the roles of direction and experiencer in specific languages, presenting evidence for identifying a new semantic role of speech addressee in Caucasian languages, on semantic roles in word formation, and finally a cross-linguistic comparison of the functions and the grammaticalization of the ethical dative in some Indo-European languages. The book will be of interest to anyone involved with case and semantic roles, with the syntax-semantics interface, and with semantic change and grammaticalization.

**Atti casuali di violenza insensata** Oct 01 2022 Come racconterebbe la propria discesa agli inferi una ragazzina di 12 anni? Così, come Lola in Atti casuali di violenza insensata la (de)scrive a Anne, il suo diario. Tutto comincia con fatti di ordinaria amministrazione: un padre che non trova a chi vendere le proprie sceneggiature e una madre traduttrice e insegnante che non riesce a lavorare se non a ritmi forsennati. Due sorelline in tenera età e una grande, grande città: New York. Eppure gli echi di una diffusa guerriglia urbana entrano di prepotenza all'interno del racconto che Lola scrive a Anne, il suo diario. Il presidente muore ammazzato, poi ne muore un secondo, la criminalità fa il paio con una fortissima crisi economica e sociale serpeggia una violenza alla Arancia Meccanica. Anche le amichette della scuola (privata) voltano la faccia a Lola quando i genitori sono costretti a trasferirsi in un quartiere popolare per mancanza di denaro. Pian piano Lola si trova a giocare a fare la dura e a entrare in gang di quartiere al femminile. L'amore per Iz, ragazza nera spigliata e combattiva, la trascina sempre più a fondo e ogni sera il coprifuoco viene anticipato... Un mondo distopico come un romanzo di Philip K. Dick che, come nella migliore letteratura fantascientifica assomiglia moltissimo al nostro, funestato dalla crisi. Piccoli elementi sempre più determinanti dipingono una situazione di violenza che non risparmia i bambini, neppure quelli delle "buone famiglie".

**The Letters of Margaret Fuller** Dec 23 2021 The fifth volume of the collected letters of Margaret Fuller traces a period of great emotional turbulence, reflecting the personal struggles she faced in motherhood and the external strife of revolutionary Europe in 1848. The book opens as she takes up residence in Rome, where she continued to write essays for the New-York Daily Tribune and kept up a steady flow of commentary on the political situation for her family and friends. Among Fuller's correspondents are Ralph Waldo Emerson, Giovanni Ossoli, William Wetmore Story, Giuseppe Mazzini, Horace Greeley, George William Curtis, and Elizabeth Barrett Browning. Many of the letters were written in Italian and are translated here for the first time. Since Fuller was more centrally involved in the Italian Risorgimento than

any other American, they constitute an entirely new documentary source for historians of nineteenth-century Italy.

**The Practicalities of Producing the Play Mozart, with Music by Franz von Suppé Feb 22 2022** In 1854, the originator of Viennese Operetta, Franz von Suppé created the music for a new play by Leonhart Wohlmut. It is part of a forgotten art form where the music underlines and accompanies the action on stage in a similar way to a soundtrack for a film. While the music works very well in the present day, the real challenge is to modernise the script to make it relevant and interesting for a modern audience. Originally written in early 19th century German, the script sounds outdated and received a less than positive reception at its original outing. Its dialogue is more in keeping with Opera and required significant work to make it palatable to a contemporary audience. The project on which this book is based maintained the music by Suppé as indicated in the manuscript score, while translating and adapting the German script by Wohlmut into a version more interesting in the present day.

**Religious Life Or Secular Institute May 04 2020** Many request have been made for the publication of these studies in book form. Much of this material has already appeared as articles in The Way. In the first section I discuss the distinction between the forms of consecrated life, following a classification which is also taken up by the Second Vatican Council in its decree Perfectae Caritatis. It is by distinguishing between these different ways of the Spirit, and by seeking to enter more deeply into them, that all who lead that life - whether they be monks or nuns, or religious dedicated to the apostolate of the priestly ministry or of charitable works, or those leading a consecrated life in the midst of the world - will gain a better understanding of their vocation and of their special mission in the Church. The second study is an attempt to express the profound meaning of the secular vocation proper to those institutes which were approved by Pope Pius XII in 1947, and of which the Motu Proprio Primo Feliciter laid down the essential characteristics. The third section is a discussion of the role of the priest in approved Secular Institutes. This has relevance today, when special questions arise concerning those Institutes whose secular character is less apparent, who live in community and are occupied in their own special works. In the opinion of many who follow the fully secular vocation, those Institutes would do better to revise their statutes or to choose another denomination - for example, that of Apostolic Institute or Society.

**Face to Face/Faccia a Faccia Jul 18 2021** The short story writers featured in this brief anthology – all established figures on the Italian literary scene – have been specifically chosen as being representative of the various geographical regions in the Italian peninsula, ranging from Ginzburg, Pavese and Soldati (Piedmont), Colombi Guidotti and Guareschi (Emilia Romagna region), Tozzi (Tuscany), D'Annunzio (Abruzzi region) and Moravia (Lazio region) to Pirandello and Verga (Sicily) and Deledda (Sardinia). Twelve of these literary masters' very best novelle – richly diverse both thematically and stylistically – can be read in the original, unabridged Italian with parallel English translations, accompanied by a brief account of the life and literary achievements of each writer, as well as a few notes on the context in which the narrative was written and some relevant features of theme and content. The novelle themselves, originally published in Italy between 1880 (marking the publication of Verga's *La lupa*) and 1971 (the year of the publication of Soldati's *Una donna comprensiva*), span almost a whole century. Although presented in chronological order of publication – being self-contained racconti – they can be read in any order. All of them lend themselves to the leitmotif of the collection: that of a woman as the central character

(D'Annunzio's Candia, the Princess in Deledda's fairy-tale, Pirandello's Mommina, gnà Pina in Verga's story, etc.). Two of the writers, Grazia Deledda and Natalia Ginzburg, are themselves women writing about women. The anthology, on the one hand, offers readers the opportunity to savour a few delights of Italian literature and culture, and, on the other, promotes effective language learning through a wide spectrum of language and styles. While remaining faithful to the originals, the translations lay emphasis on readability and fluency, thus making their perusal a pleasurable experience in itself. In addition, the stories in this collection will certainly stimulate further interest in Italian literature.
