Dreams of Flight May 15 2021 The first full-length study of the iconic 1960s film *The Great Escape* and its place in Hollywood and American history. Escaped POW Virgil Hilts (Steve McQueen) on a stolen motorcycle jumps an imposing barbed wire fence—caught on film, the act and its aftermath have become an unforgettable symbol of triumph as well as defeat for 1960s America. Combining production and reception history with close reading, *Dreams of Flight* offers the first full-length study of *The Great Escape*, the classic film based on a true story of Allied prisoners who hatched an audacious plan to divert and thwart the Wehrmacht and escape into the nearby countryside. Through breezy prose and pithy analysis, Dana Polan centers *The Great Escape* within American cultural and intellectual history, drawing a vivid picture of the country in the 1960s. We see a nation grappling with its own military history, a society undergoing significant shifts in its culture and identity, and a film industry in transition from Old Hollywood's big-budget runaway studio films to the slow interior cinema of New Hollywood. *Dreams of Flight* combines this context with fan anecdotes and a close study of filmic style to bring readers into the film and trace its wide-reaching influence. Polan examines the production history, including prior adaptations in radio and television of celebrated author Paul Brickhill's original nonfiction book about the escape, and he compares the cinematic fiction to the real events of the escape in 1944. *Dreams of Flight* also traces the afterlife of *The Great Escape* in the many subsequent movies, TV commercials, and cartoons that reference it, whether reverentially or with humor.

The Greatest Escape Oct 27 2019 *The Greatest Escape: A True American Civil War Adventure* tells the story of the largest prison breakout in U.S. history. It took place during the Civil War, when more than 1,200 Yankee officers were jammed into Libby, a special prison considered escape-proof, in the Confederate capitol of Richmond, Virginia. A small group of men, obsessed with escape, mapped out an elaborate plan and one cold and clear night, 109 men dug their way to freedom. Freezing, starving, clad in rags, they had to still travel 50 miles to Yankee lines and safety. They were pursued by all the white people in the area, but every Black person they encountered was their friend. In every instance, slaves risked their lives to help these Yankees, and their journey was aided by a female-led Union

spy network. Since all the escapees were officers, they all could read and write well. Over 50 of them would publish riveting accounts of their adventures. This is the first book to weave together these contemporary accounts into a true-to-life narrative. Much like a Ken Burns documentary, this book uses the actual words the prisoners recorded more than 150 years ago, as found in their many diaries and journals.

The True Story of the Great Escape Mar 01 2020 It shows the variety and depth of the men sent into harms way during World War II, something emphasised by the population of Stalag Luft III. Most of the Allied POWs were flyers, with all the technical, tactical and planning skills that profession requires. Such men are independent thinkers, craving open air and wide-open spaces, which meant than an obsession with escape was almost inevitable' - John D Gresham
Between dusk and dawn on the night of March 24th–25th 1944, a small army of Allied soldiers crawled through tunnels in Germany in a covert operation the likes of which the Third Reich had never seen before. The prison break from

Stalag Luft III in eastern Germany was the largest of its kind in the Second World War. Seventy-nine Allied soldiers and airmen made it outside the wire – but only three made it outside Nazi Germany. Fifty were executed by the Gestapo. Jonathan Vance tells the incredible story that was made famous by the 1963 film *The Great Escape*. The escape is a classic tale of prisoner and their wardens in a battle of wits and wills. The brilliantly conceived escape plan is overshadowed only by the colourful, daring (and sometimes very funny) crew who executed it – literally under the noses of German guards. From their first days in Stalag Luft III and the forming of bonds key to such exploits, to the tunnel building, amazing escape and eventual capture, Vance's history is a vivid, compelling look at one of the greatest 'exfiltration' missions of all time.

The Greatest Escape Apr 01 2020 The gripping, vividly told story of the largest POW escape in the Second World War – organized by an Australian bank clerk, a British jazz pianist and an American spy. In August 1944 the most successful POW escape of the Second World War took place – 106 Allied prisoners were freed from a camp in Maribor, in present-day Slovenia. The escape was organized not by officers, but by two ordinary soldiers: Australian Ralph Churches (a bank clerk before the war) and Londoner Les Laws (a jazz pianist by profession), with the help of intelligence officer Franklin Lindsay. The American was on a mission to work with the partisans who moved like ghosts through the Alps, ambushing and evading Nazi forces. How these three men came together – along with the partisans – to plan and execute the escape is told here for the first time. The Greatest Escape, written by Ralph Churches' son Neil, takes us from Ralph and Les's capture in Greece in 1941 and their brutal journey to Maribor, with many POWs dying along the way, to the horror of seeing Russian prisoners starved to death in the camp. The book uncovers the hidden story of Allied intelligence operations in Slovenia, and shows how Ralph became involved. We follow the escapees on a nail-biting 160-mile journey across the Alps, pursued by German soldiers, ambushed and betrayed. And yet, of the 106 men who escaped, 100 made it to safety. Thanks to research across seven countries, The Greatest Escape is no longer a secret. It is one of the most remarkable adventure stories of the last century.

The Great Escape from Stalag Luft III Apr 13 2021 The true story of one of the most heroic feats of World War II...the daring prison camp breakout that inspired the classic film The Great Escape Stalag Luft III was one of the Germans' "escape-proof" prison camps, specially built by Hermann Göring to hold Allied troops. But on March 24, 1944, in a courageous attempt by two hundred prisoners to break out through a series of tunnels, seventy-six Allied officers managed to evade capture -- and create havoc behind enemy lines in the months before the Normandy Invasion. This is the incredible story of these brave men who broke free from the supposedly impenetrable barbed wire and watchtowers of Stalag Luft III -- and who played an important role in Allied intelligence operations within occupied Europe. The prisoners developed an intricate espionage network, relaying details of military deployment, bombings, and raids. Some of them were involved in other daring escape attempts, including the famous Wooden Horse episode, also turned into a classic film, and the little-known Sachsenhausen breakout, engineered by five Great Escapers sent to die in the notorious concentration camp on Hitler's personal orders. Tragically, fifty of those involved in the Great Escape were murdered by the Gestapo. Others were recaptured; only a few made it all the way to freedom. This dramatic account of personal heroism is a testament to their ingenuity and achievement -- a stirring tribute to the men who never gave up fighting. Includes eight pages of photographs and illustrations, excerpts from Göring's testimony during postwar investigations, and a list of the men who escaped.
