Battle for the Nether May 18 2021 The action-packed Minecraft follow-up to Invasion of the Overworld! Gameknight999, a real-life Minecraft user trapped inside the game he loves to play, and his friend Crafter have transported to a new server. Malacoda is the King of the Nether, a terrible ghast that wants to destroy all of Minecraft with his massive army of blazes, magma cubes, zombie pigmen, and wither skeletons. Knowing the lives of all those within Minecraft—as well as those in the physical world—are depending on them, Gameknight and Crafter will need to search the land to recruit an NPC army. But the battles Gameknight's already fought have left him doubting his abilities, and he'll need to dig deep to find his courage if he's to have any shot at victory. Epic battles, terrible monsters, heartwarming friendships, and spine-tingling suspense . . . Battle for the Nether takes the adventures of Gameknight999 to the next level in a nonstop roller-coaster ride of adventure. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. In particular, this adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO.

While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Writing with Minecraft Aug 09 2020 Do you have a student (or a few) who hates to write but loves to build online? Why not use his love of the game to inspire a desire to write? Using the different writing styles such as compare and contrast, persuasive, descriptive, process, and narrative, students will create a Minecraft guidebook lapbook. They will build the book using their knowledge of the game and create fold-outs, pop-ups, a cave tunnel book, and a chest filled with information about blocks and tools. The book is designed for students of all ages, girls and boys! You decide what is acceptable for their age/grade/ writing ability. Each writing style includes prompts, a graphic organizer, and a fun lapbook piece to be filled in by your student(s). There is even a section for a book report if you wish to use one. In the end, your students will have something they can be proud of and something they will want to share with others: a book written by them about a game they love!

Humble Math - 100 Days of Money, Fractions, & Telling the Time: Workbook (With Answer Key): Ages 6-11 - Count Money (Counting United States Coins and Jun 26 2019 100 days of practice counting money, learning fractions, and telling the time. Three core areas of math that students often need additional help to master. Start by counting groups of coins that have a value of a dollar or less. Slowly learn to count greater amounts of money that include small and large bills too. Add and subtract values, and even learn to make change. Learn fractions one step at a time. Start with simple fractions and eventually learn to add and subtract mixed numbers. Telling the time is one of the more difficult concepts for children to learn. Gradually progress from learning to tell hours, to quarter hours. Eventually tell time in five minute and minute increments. This is a great workbook to start out with. Most students will grasp the concepts within each of the three sections. If a student still needs more practice, Humble Math has workbooks that provide additional practice for these concepts too.
