Holding Back The Tears Jan 24 2022 This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not

always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and "needs no help from anyone, thank you" - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her beliefs about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Miss Wyoming Mar 26 2022 From the bestselling author of *Generation X* and *Microserfs*, comes the absurd and tender story of a hard-living movie producer and a former child beauty pageant contender who only find each other by losing themselves. Waking up in an L.A. hospital, John Johnson is amazed that it was the flu and not an overdose of five different drugs mixed with cognac that nearly killed him. As a producer of high-adrenaline action flicks, he's led a decadent and dangerous life, purchasing his way through every conceivable variant of sex. But each variation seems to take him one notch away from a capacity for love, and while movie-making was once a way for him to create worlds of sensation, it now bores him. After his near-death experience, John decides to walk away from his life. Susan Colgate is an unbankable former tv star and child beauty pageant contender. Forced to marry a heavy metal singer in need of a Green Card after her parents squander her sitcom earnings, she becomes the alpha road rat. But when the band's popularity dwindles, the marriage dissolves. Flying back to Los Angeles in Economy, Susan's plane crashes and only she survives. As she walks away from the disaster virtually unscathed, Susan, too, decides to disappear. John and Susan are two souls searching for love across the bizarre, celebrity-obsessed landscape of LA, and are driven, almost fatefully, toward each other. Hilarious, fast-paced and ultimately heart-wrenching, *Miss Wyoming* is about people who, after throwing off their self-made identities, begin the fearful search for a love that exposes all vulnerabilities.

All Families are Psychotic May 28 2022 Psychosis: any form of severe mental disorder in which the individual's contact with reality becomes highly distorted. Douglas Coupland, the author whom Tom Wolfe calls "one of the freshest, most exciting voices of the novel today," delivers his tenth book in ten years of writing, with *All Families Are Psychotic*. Coupland recently has been compared to Jack Kerouac and F. Scott Fitzgerald, yet he is a man firmly grounded in the current era. The novel is a sizzling and sharp-witted entertainment that resounds with eternal human yearnings. In the opening pages, 65-year-old Janet Drummond checks the clock in her cheap motel room near Cape Canaveral, takes her prescription pills and does a rapid tally of the whereabouts of her three children: Wade, the eldest, in and out of jail and still radiating "the glint"; suicidal Bryan, whose girlfriend, the vowel-free Shw, is pregnant; and Sarah, the family's shining light, an astronaut preparing to be launched into space as the star of a shuttle mission. They will all arrive in Orlando today – along with Janet's ex-husband Ted and his new trophy wife – setting the stage for the most disastrous family reunion in the history of fiction. Florida may never recover from their version of fun in the sun. The last time the family got together, there was gunplay and an ensuing series of HIV infections. Now, what should be a celebration turns instead into a series of mishaps and complications that place the family members in constant peril. When the reformed Wade attempts to help his dad out of a financial jam and pay off his own bills at the fertility clinic, his plan spins quickly out of control. Adultery, hostage-taking, a letter purloined from Princess Diana's coffin, heart attacks at Disney World, bankruptcy, addiction and black-market negotiations – Coupland piles on one deft, comic plot twist after another, leaving you reaching for your seat belt. When the crash comes, it is surprisingly sweet. Janet contemplates her family, and where it all went wrong. "People are pretty forgiving when it comes to other people's family. The only family that ever horrifies you is your own." During the writing, Coupland described the book as being about "the horrible things that families do to each other and how it makes them strong." He commented: "Families who are really good to each other, I've noticed, tend to

dissipate, so I wonder how awful a family would have to be to stick together.” Coupland’s first novel, *Generation X: Tales for an Accelerated Culture*, became a cultural phenomenon, affixing a buzzword and a vocabulary to a generation and going on to sell over a million copies. The novels that followed were all bestsellers, and his work has continued to show a fascination with the digital, brand-conscious, media-dense culture of contemporary North American society, leading some to peg him as “an up-to-the-minute cultural reference engine.” Meanwhile, his deeper interests in how human beings function in this spiritual vacuum have become increasingly apparent. For example, the character Wade contemplates his father: “What would the world have to offer Ted Drummond, and the men like him, a man whose usefulness to the culture had vanished somewhere around the time of Windows 95? Golf? Gold? Twenty-four hour stock readouts?” Janet, on the other hand, nears a kind of peace with life: “Time erases both the best and the worst of us.” *All Families Are Psychotic* shows Coupland being just as concerned for the grown-ups as for the kids.

A Complicated Legacy Aug 07 2020 If movies and books like Belle, Twelve Years a Slave, The Butler, The Help, A Time to Kill, and Amistad have moved you, you'll love A Complicated Legacy, a novel by Baltimore writer Robert H. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Generation X Oct 01 2022 Andy, Dag and Claire have been handed a society beyond their means. Twentysomethings, brought up with divorce, Watergate and Three Mile Island, and scarred by the 80s fallout of yuppies, recession, crack and Ronald Reagan, they represent the new generation-Generation X. Fiercely suspicious of being lumped together as an advertiser's target market, they have quit dreary careers and cut themselves adrift in the California desert. Unsure of their futures, they immerse themselves in a regime of heavy drinking and working in no future McJobs in the service industry. Underemployed, overeducated and intensely private and unpredictable, they have nowhere to direct their anger, no one to assuage their fears, and no culture to replace their anomie. So they tell stories: disturbingly funny tales that reveal their barricaded inner world. A world populated with dead TV shows, 'Elvis moments' and semi-disposable Swedish furniture.
