*The Giver* and the Gift Dec 24 2021 *A Relational Approach to Fundraising* For many people, fundraising has become a dirty word. Conjuring images of guilt-inducing gimmickry, the predominant model saps the joy from both the donor and the receiver. But what if fundraising has the potential to be good for the giver, not just the recipient? What if it's about love and service, not just "What's in it for me?" These are the questions that Peter Greer, president and CEO of Hope International, and David Weekley, one of America's most influential philanthropists, answer in *The Giver and the Gift*. Based upon their own relationship and experiences, *The Giver and the Gift* outlines a Kingdom perspective on fundraising. Instead of guilt, there is gratitude. Instead of obligation, joy. It's time to dismantle certain shaky beliefs and practices, energizing a new generation of generosity. "How does fundraising become a Kingdom partnership, instead of just the transfer of funds? As a person who has spent years in the middle of these partnerships, I found the book fresh, clear, and extremely helpful." --Denny Rydberg, president of Young Life

*Evidence-Based Second Language Pedagogy* Jan 13 2021 *Evidence-Based Second Language Pedagogy* is a cutting-edge collection of empirical research conducted by top scholars focusing on instructed second language acquisition (ISLA) and offering a direct contribution to second language pedagogy by closing the gap between research and practice. Building on the conceptual, state-of-the-art chapters in *The Routledge Handbook of Instructed Second Language Acquisition (2017)*, studies in this volume are organized according to the key components of ISLA: types of instruction, learning processes, learning outcomes, and learner and teacher psychology. The volume responds to pedagogical needs in different L2 teaching and learning settings by including a variety of theoretical frameworks (sociological, psychological, sociocultural, and cognitive), methodologies (qualitative and quantitative), target languages (English, Spanish, and Mandarin), modes of instruction (face-to-face and computer-mediated), targets of instruction (speaking, writing, listening, motivation, and professional development), and instructional settings (second language, foreign language, and heritage language). A novel synthesis of research in the rapidly growing field of ISLA that also covers effective research-based teaching strategies, *Evidence-Based Second Language Pedagogy* is the ideal resource for researchers, practitioners, and graduate students in SLA, applied linguistics, and TESOL.

*Signs of the Giver* Jan 25 2022 This volume contains collection of ten essays that focus on the fiction and non-fiction of southern novelist Walker Percy (1916-1990). Delivered during the 2002 Walker Percy Undergraduate Seminar held at Southwestern College in Winfield, KS, the contributors focus upon a wide array of topics relevant to the study of Percy's writings. Catholicism, race relations, existentialism and even Percy's semiotics receive attention in this dynamic collection.

*Christ the Gift and the Giver* May 17 2021 This book provides a close look at how Paul uses the Greco-Roman royal benefaction system in Romans 5:1-11 as well as 5:12-8:39 to accomplish his theological purpose of portraying Jesus Christ as the supreme royal benefactor so that the Roman believers might faithfully respond to his reign now even as they anticipate glorification. This study makes at least three significant contributions. First, at the lexical level, it provides a reading that accounts for the benefaction motifs that permeate Romans 5:1-11 and Romans 5:12-8:39. Second, it looks at the relationship between χάρις as used in Romans 5:2 and the Messiah's sacrifice as described in Romans 5:6-10 even as it asserts that Paul portrays Christ as a royal benefactor in ways that surprise the Greco-Roman notion of brokerage and the expectation that a beneficiary would be willing to die for the sake of his benefactor. Third, the study demonstrates that the Messiah's supreme benefaction demands appropriate reciprocity or fitting response.

**Quicklet on Lois Lowry's *The Giver* (CliffNotes-like Summary & Analysis) Aug 08 2020** ABOUT THE BOOK What comes to mind when you envision a perfect society? Does it consist solely of happiness and peace? Are there equal rights for everyone regardless of gender, age and/or ethnic background? What about the weather, wildlife and natural landscapes? Is there a limit to the number of children families can have, or even to how they go about producing them? Is there a fair judicial system in place? Lois Lowry's *The Giver* tells the story of such a utopian society in which twelve-year-old Jonas is the main character. Although his society might at first seem perfect and balanced—there are, after all, no feelings, hunger, inequalities or pain—Jonas eventually realizes that his community has been missing out on all that life has to offer, calling into question the very concept of "ideal." *The Giver*, Lois Lowry's 21st novel, was published in 1993 and earned a Newbery Medal in 1994, "[becoming] an almost instant classic." As a novel of the utopian genre written in 23 chapters and from a third-person perspective, the story follows Jonas' life in his perfect society as he progresses from an innocent eleven-year-old to a wise twelve-year-old Receiver of Memories. It is easy to wonder exactly how Lois Lowry came up with such a concept, and the truth is that "inspirations for *The Giver* are so varied" that it can be challenging to give a short answer. As she states in detail in her 1994 Newbery Acceptance speech, her childhood in Japan, her college years, her father's aging and reaction to losing one of his daughters, and her parents' attempts to adjust to constant moves all played a part in creating the storyline. In reference to her writing of *The Giver*, Lowry recalled, "In the beginning to write *The Giver* I created - as I always do, in every book - a world that existed only in my imagination - the world of 'only us, only now.' I tried to make Jonas's world seem familiar, comfortable, and safe, and I tried to seduce the reader. I seduced myself along the way. It did feel good, that world. I got rid of all the things I fear and dislike; all the violence, prejudice, poverty, and injustice, and I even threw in good manners as a way of life because I liked the idea of it." Although Jonas' society is clearly different from our own, Lowry was also able to leave quite a few things up to interpretation without confusing her readers. For example, it is ambiguous whether animals actually exist in Jonas' society, while the lack of feelings and sexual attraction within his community seem to hint at the possibility of artificial insemination. Many have also been puzzled by the novel's ambiguous conclusion, but Lowry has remained adamant about not shedding light upon the story's ending. She states: "I really believe that every reader creates his/her own book, bringing to the written words their own experiences, dreams, wishes, passions. For me to explain everything from my own viewpoint limits that experience for the reader." Regardless of the interpretations, Lowry seems to have fashioned many of her novels with certain concepts in mind. As she says: "My books have varied in content and style. Yet it seems that all of them deal, essentially, with the same general theme: the importance of human connections." She has stated that *The Giver* "speak[s] to the same concern: the vital need of people to be aware of their interdependence, not only with each other, but with the world and its environment." ...buy the book to read more!
