Martin Luther Sep 03 2022 "I will not recant anything." "Martin Luther" is a fresh retelling of one the most significant figures of the last millennium. Not written primarily for theologians, but rather for a general, twenty-first-century audience, "Martin Luther" traces [Luther's early development [Luther's conflicts between civic and religious authorities [Luther's leadership of reform in Germany [The subsequent impact of Luther's writings and beliefs as they stretched around the world

What's So Funny? Jan 15 2021 Six-time Emmy Award-winning funny man Tim Conway, best known for his roles on The Carol Burnett Show, offers a straight-shooting and hilarious memoir about his life on stage and off as an actor and comedian. In the annals of TV history, few entertainers have captured as many funny bones, and brought as many families together in living rooms across America as Tim Conway. In **What's So Funny?** he brings his hilarious hijinks from the screen to the page. Conway's often-improvised humor, razor-sharp timing, and hilarious characters have made him one of the funniest and most authentic performers to grace the stage and studio. As Carol Burnett has said, "there's no one funnier" than Tim Conway. Now, Conway takes us on a seventy-year, rags-to-riches journey that is touchingly comical and ultimately inspiring, from his pranks in small Ohio classrooms during the Great Depression to his pitch-perfect performances on national TV and in major motion pictures. Along the way, Conway shares hilarious and often moving accounts of the glory days of The Carol Burnett Show; his famous partnerships with entertainment greats like Harvey Korman, Don Knotts, and Dick Van Dyke; and his friendships with stars like Betty White, Bob Newhart, and, of course, Carol Burnett, who also provides an intimate foreword to the book. As Conway continues to tour the country giving live comedy performances that enchant his always eager audiences, **What's So Funny?** brings his warmth, humor, and heart to delight and inspire fans everywhere.

The Great Reformer Aug 10 2020 A biography of Pope Francis that describes how this revolutionary thinker will use the power of his position to challenge and redirect one of the world's most formidable religions An expansive and deeply contextual work, at its heart **The Great Reformer** is about the intersection of faith and politics—the tension between the pope's innovative vision for the Church and the obstacles he faces in an institution still strongly defined by its conservative past. Based on extensive interviews in Argentina and years of study of the Catholic Church, Ivereigh tells the story not only of Jorge Mario Bergoglio, the remarkable man whose background and total commitment to the discernment of God's will transformed him into Pope Francis—but the story of why the Catholic Church chose him as their leader. With the Francis Revolution just beginning, this biography will provide never-before-explained context on how one man's ambitious program began—and how it will likely end—through an investigation of Francis's youth growing up in Buenos Aires and the dramatic events during the Perón era that shaped his beliefs; his ongoing conflicts and disillusionment with the ensuing doctrines of an authoritarian and militaristic government in the 1970s; how his Jesuit training in Argentina and Chile gave him a unique understanding and advocacy for a "Church of the Poor"; and his rise from Cardinal to the papacy.

Latinos: A Biography of the People Apr 29 2022 Explores the origins of the Latino people among Native Americans, their persecution at the hands of the Spaniards, and modern inroads into American society. Reprint. **A Biographical Dictionary of Eminent Scotsmen. Supplement, Continuing the Biographies to the Present Time** Jul 09 2020

Birth of the Bill of Rights: Biographies Jun 07 2020 Presents profiles and writings of prominent Antifederalists, including Samuel Adams, Mercy Otis Warren, and James Monroe.

Martin Luther Feb 13 2021 From "one of the best of the new [Martin Luther] biographers" (The New Yorker), a portrait of the complicated founding father of the Protestant Reformation, whose intellectual assault on Catholicism transformed Christianity and changed the course of world history. "Magnificent."—The Wall Street Journal "Penetrating."—The New York Times Book Review "Smart, accessible, authoritative."—Hilary Mantel On October 31, 1517, so the story goes, a shy monk named Martin Luther nailed a piece of paper to the door of the Castle Church in the university town of Wittenberg. The ideas contained in these Ninety-five Theses, which boldly challenged the Catholic Church, spread like wildfire. Within two months, they were known all over Germany. So powerful were Martin Luther's broadsides against papal authority that they polarized a continent and tore apart the very foundation of Western Christendom. Luther's ideas inspired upheavals whose consequences we live with today. But who was the man behind the Ninety-five Theses? Lyndal Roper's magisterial new biography goes beyond Luther's theology to investigate the inner life of the religious reformer who has been called "the last medieval man and the first modern one." Here is a full-blooded portrait of a revolutionary thinker who was, at his core, deeply flawed and full of contradictions. Luther was a brilliant writer whose biblical translations had a lasting impact on the German language. Yet he was also a strident fundamentalist whose scathing rhetorical attacks threatened to alienate those he might persuade. He had a colorful, even impish personality, and when he left the monastery to get married ("to spite the Devil," he explained), he wooed and wed an ex-nun. But he had an ugly side too. When German peasants rose up against the nobility, Luther urged the aristocracy to slaughter them. He was a ferocious anti-Semite and a virulent misogynist, even as he argued for liberated human sexuality within marriage. A distinguished historian of early modern Europe, Lyndal Roper looks deep inside the heart of this singularly complex figure. The force of Luther's personality, she argues, had enormous historical effects—both good and ill. By bringing us closer than ever to the man himself, she opens up a new vision of the Reformation and the world it created and draws a fully three-dimensional portrait of its founder.

She Came to Slay Jun 19 2021 In the bestselling tradition of **The Notorious RBG** comes a lively, informative, and illustrated tribute to one of the most exceptional women in American history—Harriet Tubman—a heroine whose fearlessness and activism still resonates today. Harriet Tubman is best known as one of the most famous conductors on the Underground Railroad. As a leading abolitionist, her bravery and selflessness has inspired generations in the continuing struggle for civil rights. Now, National Book Award nominee Erica Armstrong Dunbar presents a fresh take on this American icon blending traditional biography, illustrations, photos, and engaging sidebars that illuminate the life of Tubman as never before. Not only did Tubman help liberate hundreds of slaves, she was the first woman to lead an armed expedition during the Civil War, worked as a spy for the Union Army, was a fierce suffragist, and was an advocate for the aged. **She Came to Slay** reveals the many complexities and varied accomplishments of one of our nation's true heroes and offers an accessible and modern interpretation of Tubman's life that is both informative and engaging. Filled with rare outtakes of commentary, an expansive timeline of Tubman's life, photos (both new and those in public domain), commissioned illustrations, and sections including "Harriet by the Numbers" (number of times she went back down south, approximately how many people she rescued, the bounty on her head) and "Harriet's Homes" (those who supported her over the years), **She Came to Slay** is a stunning and powerful mix of pop culture and scholarship and proves that Harriet Tubman is well deserving of her permanent place in our nation's history.

George F. Root, Civil War Songwriter May 19 2021 When the Civil War broke out in 1861, "The Battle Cry of Freedom" became perhaps the most common patriotic song echoing throughout the North. The author of that famous tune was George F. Root, and his many other patriotic songs established him as "the musician of the people." This biography follows Root's dual career as a nationally-known traveling teacher and a composer of popular songs. His wartime songs expressed the emotions of the soldiers and of the people at home. His later songs document such events as the assassination of President Lincoln, the settling of the West, the literature and humor of his day, and the many reform movements that defined the values of that era. His biography reveals how he became the musician of the people and how his critics responded.

Bourdain Jul 21 2021 New York Times bestseller An unprecedented behind-the-scenes view into the life of Anthony Bourdain from the people who knew him best When Anthony Bourdain died in June 2018, fans around the globe came together to celebrate the life of an inimitable man who had dedicated his life to traveling nearly everywhere (and eating nearly everything), shedding light on the lives and stories of others. His impact was outsized and his legacy has only grown since his death. Now, for the first time, we have been granted a look into Bourdain's life through the stories and recollections of his closest friends and colleagues. Laurie Woolver, Bourdain's longtime assistant and confidante, interviewed nearly a hundred of the people who shared Tony's orbit—from members of his kitchen crews to his writing, publishing, and television partners, to his daughter and his closest friends—in order to piece together a remarkably full, vivid, and nuanced vision of Tony's life and work. From his childhood and teenage days, to his early years in New York, through the genesis of his game-changing memoir **Kitchen Confidential** to his emergence as a writing and television personality, and in the words of friends and colleagues including Eric Ripert, José Andrés, Nigella Lawson, and W. Kamau Bell, as well as family members including his brother and his late mother, we see the many sides of Tony—his motivations, his ambivalence, his vulnerability, his blind spots, and his brilliance. Unparalleled in scope and deeply intimate in its execution, with a treasure trove of photos from Tony's life, Bourdain: The Definitive Oral Biography is a testament to the life of a remarkable man in the words of the people who shared his scope.

Scenes in the Life of Harriet Tubman Dec 26 2021 Scenes in the Life of Harriet Tubman: BY SARAH H. BRADFORD. [Special Illustrated Edition]

Steve Jobs May 31 2022 Draws on more than forty interviews with Steve Jobs, as well as interviews with family members, friends, competitors, and colleagues to offer a look at the co-founder and leading creative force behind the Apple computer company.

Eva Peron Aug 02 2022 "Provides an introduction to the life and biography of Eva Peron, a popular entertainer and first lady in Argentina."

Elton Apr 17 2021 One of music's true global superstars and most admired figures, Elton John has sold an estimated 200 million albums worldwide to date, and continues to appear regularly in the singles charts, thanks largely to a series of high-profile collaborations with new faces. But he is loved as much for his outrageous personality and witty outspokenness as for his music: recent memorable outbursts have included a public comment that "people who charge \$75 and lip-sync should be shot" and calling some pushy photographers "rude, vile pigs." He has even admitted that, in one of his more comedic cocaine-fueled moments, he phoned one of his management team "to tell him to do something about the wind outside my hotel room." Such shamelessness and sheer silliness rivals anything uttered by punk rockers, yet it is so typically Elton: honest and wittily intemperate. Tragedy and heartbreak have played a large part in his life too. Behind the parties, the hedonism, the lavish stage costumes and silly glasses lies a more somber story. There have been disputes with managers, legal wranglings, splits with partners, and a divorce. Added to that there have been serious health problems, a very public battle with his expanding waistline and receding hairline, drug addictions, and spells when he wanted to quit the music business altogether. But now, at 60 years old, Elton enjoys a stable relationship with his husband David Furnish. His demons have been overcome. His commercial and critical stock is rising. With popular acts like the Scissor Sisters sounding more like Elton than Elton himself, Elton John is finally cool again. Drawing on many firsthand interviews with his associates and musical collaborators, this page-turning story of high drama and prodigious talent traces Elton's astonishing journey through life as the colossus of camp, while also offering a critical history of his work and analyzing afresh his contribution to popular music.

The Book of Common Prayer Sep 10 2020 "A beautifully lucid introduction to the origins and use of one of the most significant religious texts in the English-speaking world. Alan Jacobs helps us to understand not only the book but also the Christian sensibility of the whole Anglican tradition and the culture it nourished."—Dr. Rowan Williams, Magdalene College, University of Cambridge "The Book of Common Prayer, often thought of as a source of Anglican stability, has led an interesting life of many changes. Jacobs tracks them all like a shrewd detective."—Garry Wills, author of **What the Gospels Meant** "From pious aspiration to ruthless politics, and from bonfires of hated communion rails to the Star Wars prayer, the history of the Book of Common Prayer, in Alan Jacobs' hands, is both an education and a bright panorama. I can hardly remember another read so swift yet at the same time so helpful."—Sarah Ruden, author of **Paul Among the People: The Apostle Reinterpreted and Reimagined in His Own Time** "Few texts have had as much influence on the language, culture, and religious life of English-speaking nations as the Book of Common Prayer. Alan Jacobs masterfully distills its history with a poetic touch that is at once scholarly, reverential, and highly engaging. There is no better introduction or guide to the Book of Common Prayer than this one."—Carlos Eire, author of **A Very Brief History of Eternity** "Alan Jacobs traces the life of the Book of Common Prayer as it has grown and changed over its four-hundred-year history, responding to social and historical conditions and to its own inner convictions and complexities. Many books have been written about the Book of Common Prayer, but this one is uniquely compact, illuminating, and moving."—Edward Mendelson, Columbia University "This book is a pleasure to read. Alan Jacobs' writing is informed, lucid, accessible, and witty. I know of no other work that is comparable."—R.W.L. Moberly, Durham University

Gentlemen's Prescriptions for Women's Lives: A Thousand Years of Biographies of Chinese Women Jan 03 2020 As far back as the first century BCE, Chinese dynastic historians - all men - began recording the achievements of Chinese women and creating a structure of understanding that would be used to limit and control them. To men, these women became role models for their daughters and wives; to the few literate women readers, they became paradigms for their own behavior. Thus, although these biographies are descriptive by nature, they actually became prescriptive. **Gentlemen's Prescriptions for Women's Lives** is an enlightening source for studying Chinese women of the imperial era as well as for understanding Chinese womanhood in general. By contextualizing these biographies, the author shows us these women not just as the compliant, calm-eyed, delicate figures that adorn Confucian texts, but also as the products of the Confucian tradition's appropriation of women.

Anna Aug 22 2021 This biography of the legendary fashion journalist and media mogul follows her journey from the trendy fashion scene of swinging 1960s London to becoming the editor-in-chief of Vogue magazine.

The Emperor of All Maladies Aug 29 2019 An assessment of cancer addresses both the courageous battles against the disease and the misperceptions and hubris that have compromised modern understandings, providing coverage of such topics as ancient-world surgeries and the development of present-day treatments. Reprint. Best-selling winner of the Pulitzer Prize. Includes reading-group guide.

Literary Biographies in the Lives of Remarkable People Series in Russia Nov 24 2021 "This book examines the role that the legendary Russian biography series, The Lives of Remarkable People, plays in Russian

culture. The contributors examine the interplay of research and imagination in biographical narratives, the changing perceptions of what constitutes literary greatness, and the subversive possibilities of biography during eras of censorship"--

The Book of Common Prayer Feb 02 2020 "While many of us are familiar with such famous words as, "Dearly beloved, we are gathered together here." or "Ashes to ashes, dust to dust," we may not know that they originated with The Book of Common Prayer, which first appeared in 1549. Like the words of the King James Bible and Shakespeare, the language of this prayer book has saturated English culture and letters. Here Alan Jacobs tells its story. Jacobs shows how The Book of Common Prayer--from its beginnings as a means of social and political control in the England of Henry VIII to its worldwide presence today--became a venerable work whose cadences express the heart of religious life for many. The book's chief maker, Thomas Cranmer, Archbishop of Canterbury, created it as the authoritative manual of Christian worship throughout England. But as Jacobs recounts, the book has had a variable and dramatic career in the complicated history of English church politics, and has been the focus of celebrations, protests, and even jail terms. As time passed, new forms of the book were made to suit the many English-speaking nations: first in Scotland, then in the new United States, and eventually wherever the British Empire extended its arm. Over time, Cranmer's book was adapted for different preferences and purposes. Jacobs vividly demonstrates how one book became many--and how it has shaped the devotional lives of men and women across the globe"--

Anything Goes Mar 29 2022 This is an exhilarating portrait of the era of invention, glamour and excess from one of the brightest young stars of mainstream history writing. Bracketed by the catastrophes of the Great War and the Wall Street Crash, the 1920s was a time of fear and hedonism. The decade glittered with seduction: jazz, flappers, wild all-night parties, the birth of Hollywood, and a glamorous gangster-led crime scene forced to flourish under prohibition. It was punctuated by terrifying events - the political show trials of Sacco and Vanzetti; the huge march down Washington DC's Pennsylvania Avenue by the Ku Klux Klan - and produced a glittering array of artists, musicians and film stars, from F. Scott Fitzgerald to Bessie Smith to Charlie Chaplin. Here, Lucy Moore interweaves the most compelling stories of the people and events that characterized the decade to produce a gripping account of an often-overlooked period. In doing so, she demonstrates that the jazz age was far more than just 'between wars'; it was an epoch of passion and change - an age, she observes, that was not unlike our own. The world she evokes is one of effortless allure and terrifying drama: a world that was desperate to escape itself.

The Biographies of Ordinary People Oct 04 2022

People's Book of Biography Oct 12 2020

Portrait and Biographical Record of Winona County, Minnesota Jun 27 2019

Harold, the People's Mayor Feb 25 2022 "Harold Washington was one of the most spellbinding and irresistible characters I have encountered in my 40 years in journalism and politics. Part philosopher, part street brawler and always entertaining, Harold was as big and ebullient as the town he came to lead." --David Axelrod, former senior advisor to President Barack Obama Harold, the People's Mayor is the authorized biography of Chicago's first black mayor, written by the late civil rights activist and prolific author Dempsey Travis, a man whose personal friendship with Washington spanned more than 50 years. Travis drew on recollections, notes, and several hundred hours' worth of interviews with Washington and his close associates in order to craft a portrait of Washington that spans his childhood, military years, political career, and death. Travis gained deep insights into Washington during the years he knew him, both as a boy and a man, and those combined with his encyclopedic knowledge of Chicago politics have resulted in an essential work of political biography and Chicago history. Published to commemorate the 30th anniversary of Washington's untimely passing, this is a firsthand personal account of the life and career of one of the country's most significant big-city mayors and influential African American politicians, a man who former President Barack Obama credits as an inspiration. Moving, comprehensive, and well-researched, Harold, the People's Mayor is required reading for anyone interested in 20th-century big-city politics and in this remarkable figure and how he lived, worked, and rose to transform the political landscape of Chicago.

Route 66 Dec 14 2020 Uses oral history and photography as the basis for a human study of the country's most famous road.

America's Constitution Oct 24 2021 In America's Constitution, one of this era's most accomplished constitutional law scholars, Akhil Reed Amar, gives the first comprehensive account of one of the world's great political texts. Incisive, entertaining, and occasionally controversial, this "biography" of America's framing document explains not only what the Constitution says but also why the Constitution says it. We all know this much: the Constitution is neither immutable nor perfect. Amar shows us how the story of this one relatively compact document reflects the story of America more generally. (For example, much of the Constitution, including the glorious-sounding "We the People," was lifted from existing American legal texts, including early state constitutions.) In short, the Constitution was as much a product of its environment as it was a product of its individual creators' inspired genius. Despite the Constitution's flaws, its role in guiding our republic has been nothing short of amazing. Skillfully placing the document in the context of late-eighteenth-century American politics, America's Constitution explains, for instance, whether there is anything in the Constitution that is unamendable; the reason America adopted an electoral college; why a president must be at least thirty-five years old; and why--for now, at least--only those citizens who were born under the American flag can become president. From his unique perspective, Amar also gives us unconventional wisdom about the Constitution and its significance throughout the nation's history. For one thing, we see that the Constitution has been far more democratic than is conventionally understood. Even though the document was drafted by white landholders, a remarkably large number of citizens (by the standards of 1787) were allowed to vote up or down on it, and the document's later amendments eventually extended the vote to virtually all Americans. We also learn that the Founders' Constitution was far more slavocratic than many would acknowledge: the "three fifths" clause gave the South extra political clout for every slave it owned or acquired. As a result, slaveholding Virginians held the presidency all but four of the Republic's first thirty-six years, and proslavery forces eventually came to dominate much of the federal government prior to Lincoln's election. Ambitious, even-handed, eminently accessible, and often surprising, America's Constitution is an indispensable work, bound to become a standard reference for any student of history and all citizens of the United States.

The Reporter Who Knew Too Much Dec 02 2019 Was journalist Dorothy Kilgallen murdered for writing a tell-all book about the JFK assassination? Or was her death from an overdose of barbiturates combined with alcohol, as reported? Shaw believes Kilgallen's death has always been suspect, and unfolds a list of suspects ranging from Frank Sinatra to a Mafia don, while speculating on the possibilities of reopening the case.

Biographical and Historical Memoirs of Northeast Arkansas Sep 30 2019

Jackie Robinson May 07 2020 The extraordinary life of Jackie Robinson is illuminated as never before in this full-scale biography by Arnold Rampersad, who was chosen by Jack's widow, Rachel, to tell her husband's story, and was given unprecedented access to his private papers. We are brought closer than we have ever been to the great ballplayer, a man of courage and quality who became a pivotal figure in the areas of race and civil rights. Born in the rural South, the son of a sharecropper, Robinson was reared in southern California. We see him blossom there as a student-athlete as he struggled against poverty and racism to uphold the beliefs instilled in him by his mother--faith in family, education, America, and God. We follow Robinson through World War II, when, in the first wave of racial integration in the armed forces, he was commissioned as an officer, then court-martialed after refusing to move to the back of a bus. After he plays in the Negro National League, we watch the opening of an all-American drama as, late in 1945, Branch Rickey of the Brooklyn Dodgers recognized Jack as the right player to break baseball's color barrier--and the game was forever changed. Jack's never-before-published letters open up his relationship with his family, especially his wife, Rachel, whom he married just as his perilous venture of integrating baseball began. Her memories are a major resource of the narrative as we learn about the severe harassment Robinson endured from teammates and opponents alike; about death threats and exclusion; about joy and remarkable success. We watch his courageous response to abuse, first as a stoic endurer, then as a fighter who epitomized courage and defiance. We see his growing friendship with white players like Pee Wee Reese and the black teammates who followed in his footsteps, and his embrace by Brooklyn's fans. We follow his blazing career: 1947, Rookie of the Year; 1949, Most Valuable Player; six pennants in ten seasons, and 1962, induction into the Hall of Fame. But sports were merely one aspect of his life. We see his business ventures, his leading role in the community, his early support of Martin Luther King Jr., his commitment to the civil rights movement at a crucial stage in its evolution; his controversial associations with Eisenhower, Kennedy, Nixon, Humphrey, Goldwater, Nelson Rockefeller, and Malcolm X. Rampersad's magnificent biography leaves us with an indelible image of a principled man who was passionate in his loyalties and opinions: a baseball player who could focus a crowd's attention as no one before or since; an activist at the crossroads of his people's struggle; a dedicated family man whose last years were plagued by illness and tragedy, and who died prematurely at fifty-two. He was a pathfinder, an American hero, and he now has the biography he deserves.

Dream Big, Little Scientists Jul 29 2019 Twelve kids. A dozen bedtimes. Endless sweet ways to say goodnight with science! Spark curiosity and exploration with this innovative bedtime story for budding scientists that introduces eleven branches of science. From astronomy to physics to chemistry to geology, this STEM picture book will help kids get excited to explore. Includes further information about each branch of science.

Stimulate student interest with provided TIME magazine covers and background information. Meet the needs of all students with tiered activities to target all students.

Latinos: A Biography of the People Nov 05 2022 "Brilliant.... A loving and detailed celebration of a diverse, beautiful and often astounding people." --Laurence Gonzales, Chicago Tribune They are sometimes called the people who died twice, once at the hands of the Spaniards and their brutal process of civilization, then at the hands of Anglos, practicing a subtler exploitation. They are Latinos, the fastest-growing minority in the United States. Earl Shorris's deeply moving narrative--enlivened by biographical sketches of Mexican Americans, Cuban Americans, Puerto Ricans, and many others struggling with the burden of a rich and terrible history--illuminates every aspect of the Latino experience in America, from language to education to social and political organization. "[A] powerful, beautifully-written and thoughtful book...likely to remain unequaled in its sweep and profundity for some time to come." --Jorge Klor de Alva, The New York Times Book Review "A smart, perceptive and wonderfully readable book.... Should be required reading for anyone who would hope to understand America." --Gerald Volgenau, Boston Globe
