[Ballistic Imaging](#) May 16 2021 [Ballistic Imaging](#) assesses the state of computer-based imaging technology in forensic firearms identification. The book evaluates the current law enforcement database of images of crime-related cartridge cases and bullets and recommends ways to improve the usefulness of the technology for suggesting leads in criminal investigations. It also advises against the construction of a national reference database that would include images from test-fires of every newly manufactured or imported firearm in the United States. The book also suggests further research on an alternate method for generating an investigative lead to the location where a gun was first sold: "microstamping," the direct imprinting of unique identifiers on firearm parts or ammunition.

[The Rough Guide to Tanzania](#) Oct 01 2022 Make the most of your time on Earth™ with [The Rough Guide to Tanzania](#). [The Rough Guide to Tanzania](#) is the definitive guide to one of Africa's most beautiful destinations, with clear maps and detailed coverage of all the best attractions from climbing Mount Kilimanjaro to the exotic Indian Ocean beaches of Zanzibar. *A Statistical Guide for the Ethically Perplexed* Aug 07 2020 For disciplines concerned with human well-being, such as medicine, psychology, and law, statistics must be used in accordance with standards for ethical practice. *A Statistical Guide for the Ethically Perplexed* illustrates the proper use of probabilistic and statistical reasoning in the behavioral, social, and biomedical sciences. Designed to be consulted when learning formal statistical techniques, the text describes common instances of both correct and false statistical and probabilistic reasoning. Lauded for their contributions to statistics, psychology, and psychometrics, the authors make statistical methods relevant to readers' day-to-day lives by including real historical situations that demonstrate the role of statistics in reasoning and decision making. The historical vignettes encompass the English case of Sally Clark, breast cancer screening, risk and gambling, the Federal Rules of Evidence, "high-stakes" testing, regulatory issues in medicine, difficulties with observational studies, ethics in human experiments, health statistics, and much more. In addition to these topics, seven U.S. Supreme Court decisions reflect the influence of statistical and psychometric reasoning and interpretation/misinterpretation. Exploring the intersection of ethics and statistics, this comprehensive guide assists readers in becoming critical and ethical consumers and producers of statistical reasoning and analyses. It will help them reason correctly and use statistics in an ethical manner.

*A Birdwatchers' Guide to Morocco* May 04 2020 Morocco is a paradise for birdwatchers with its coasts, islands, wadis, plains, forests, mountains and deserts creating conditions that are often very different from those found in Europe. The richness of these habitats is clearly illustrated by the 452 species which have been recorded so far. Fifteen years have passed since the publication of the first edition of this book. This is a very short period in the dynamics of bird communities, but a very long period in a country that has developed so quickly. The Government is encouraging development and tourism, for example in the Atlantic West Sahara, which opens up great new sites for birdwatchers. The most important, and easily accessible of these new sites have been included in this second edition, and the original 15 sites have been increased to at least 50.

*The Sparrows* Nov 09 2020 Denis Summers-Smith first took up the study of the House Sparrow in 1947, thinking that the difficulties of travel in post-war Britain would best suit the study of a species always close at hand. The humble House Sparrow, common everywhere, was surprisingly poorly researched and his work soon provided interesting insights into this successful and adaptable little bird. As new opportunities to travel opened up, his interest blossomed to take in the genus *Passer* as a whole. His travels would ultimately lead to his study of all but one of the group, found only in deepest Turkestan, and to the publication of his authoritative monograph on sparrows in 1988. While that book presented his knowledge of sparrow biology, this volume tells the other, human, side of the tale. His wry descriptions of the tribulations and unexpected pleasures of a traveller on four continents, from the Himalayas and Thailand to Africa and the Americas (with a good few islands in between), are interspersed with observations and speculations on the biology of sparrows in a wide variety of habitats. Everywhere local officials and bird watchers warmed to the eccentric Scot in pursuit of the little birds that nobody notices but which so often make their homes beside us. The author's own photographs and delightful cartoons by Euan Dunn further paint the picture of this lifelong search.

*Field Guide to Birds of Western Africa* Nov 29 2019 *Birds of Western Africa* (Helm, 2001) was the first single-volume guide to cover all the species of this region, which comprises 23 countries from Senegal and southern Mauritania east to Chad and the Central African Republic, and south to Congo. This new edition uses all of the plates from *Birds of Western Africa*, with a concise, authoritative text on facing pages, to create a conveniently-sized, lightweight field reference covering all 1300 species found in the region. The book also has updated colour distribution maps for each species placed on the text pages for the first time. A number of new images have been painted for this new edition and several of the illustrations have been replaced. This major new guide will enable birders to identify any species found in any of the countries covered.

*The Rough Guide to Argentina* Jun 24 2019 Now available in ePub format. The brand new, full-colour *Rough Guide to Argentina* is the definitive travel guide to this epic country, with in-depth coverage of its vibrant cities, rich culture and staggeringly diverse scenery. Lively accounts, clear maps and stunning photography throughout bring Argentina's attractions to life, from the thunderous Iguazú Falls and ravishing capital Buenos Aires to Mendoza's celebrated vineyards and the wild and isolated snow-capped peaks of Tierra del Fuego. Discover shimmering mountain lakes, beautiful valleys and majestic glaciers; ride with gauchos; get seduced by tango; savour the world's finest steak; watch a superclásico football match; or pick up the trail of Bruce Chatwin across Patagonia's dramatic ice fields. With easy-to-use maps, reliable transport advice, inspiring itineraries and expert reviews of the best hotels, restaurants, bars, clubs and shops for all budgets, this indispensable guide will ensure that you don't miss a thing. Make the most of your time with *The Rough Guide to Argentina*.

*The Complete Guide To Referencing And Avoiding Plagiarism* Nov 21 2021 This excellent new edition will continue to demystify the referencing process and provide essential guidance on making sure you are not committing plagiarism. It provides clear guidelines on why and when to reference as well as how to correctly cite from a huge range of sources.

*The Rough Guide to Trinidad and Tobago* Dec 11 2020 *The Rough Guide to Trinidad and Tobago* is the definitive guide to these high-spirited twin islands. White-sand beaches, swaying palms and reef-studded waters are all here for the taking, but Trinidad and Tobago turns the Caribbean stereotype on its head, offering a whole lot more than sun and beachlife. *The Rough Guide to Trinidad and Tobago* gives you insider information on everything from watching leatherback turtles lay eggs on the beaches, to navigating the multitude of Carnival fetes and Calypso tents and playing "mas" on the streets of Port of Spain. Up-to-date listings and tips give you the lowdown on the islands' brilliant dining and nightlife scenes. And from boutique hotels on the sand to budget rooms, local guesthouses to lavish villas, our accommodation reviews will help you find a room that suits your needs. Whether your tastes are striking out on rainforest hikes, cooling off in hidden waterfalls, or exploring Hindu temples and Indo-Trinidadian food, *The Rough Guide to Trinidad and Tobago* will ensure you get the very best out of your stay.

Comprehensive maps throughout help you find your way around the region. Make the most of your time with *The Rough Guide to Dubai*.

**A Guide to the Birds of Colombia Feb 10 2021** Describing all of Colombia's birds, Steven Hilty and William Brown bring together information on one of the world's largest avifaunas-nearly 1,700 species. Over half of all the species of birds in South America are included, thus making the book useful in regions adjacent to Colombia, as well as in the country itself. The primary purpose of the work is to enable observers to identify the birds of the region, but it also provides detailed species accounts and will serve as an important handbook and reference volume. Fifty-six lavish color plates, thirteen halftone plates, and ninety-nine line drawings in the text illustrate over 85% of the species, including most of the resident birds. Notes on the facing-page of each place, and range maps of 1,475 species, facilitate identification. Written with the field observer in mind, the text gives special attention to comparisons of similar species, transcriptions of voices, and comments on behavior, status, and habitat. It also provides ranges, breeding data, and references. Notes outline taxonomic problems and briefly describe species that eventually may be found in Colombia. Introductory chapters and photographs highlight Colombia's geography, climate, and vegetation, and discuss migration and conservation questions, and the history of Colombian ornithology. Appendices contain a large bibliography, a section on birding locations, and coverage of two of Colombia's far-flung island territories, Isla San Andrés and Providencia. Maps depicting vegetation zones, political boundaries, national parks, and the most text localities are included.

**The Rough Guide to Argentina Sep 07 2020** The Rough Guide to Argentina is the definitive travel guide to this epic country, with in-depth coverage of its vibrant cities, rich culture, and staggeringly diverse scenery. Discover shimmering mountain lakes, beautiful valleys, and majestic glaciers; ride with gauchos; get seduced by tango; savor the world's finest steak; watch a Superclásico football match; or pick up the trail of Bruce Chatwin across Patagonia's dramatic ice fields. **Taking Your Medicine Apr 14 2021** Practical tips for keeping track of your medications Forgetting to take scheduled doses of prescribed medications can cost you time, money, and future health care problems. But remembering what to take—and when to take it—can be difficult when you have so many important things to deal with on an everyday basis. *Taking Your Medicine: A Guide to Medication Regimens and Compliance for Patients and Caregivers* is a practical guide to the process of taking medications, presenting helpful tips and simple ideas for patients, family members, and health care providers. Author Jack E. Fincham, named by *Drug Topics* magazine as one of the 50 most influential pharmacists in the United States, offers effective strategies that help patients help themselves by taking an active role in treatment decisions, following treatment plans, and getting involved when problems arise. According to a World Health Organization (WHO) report, patients suffering from chronic illnesses who live in developed countries achieve a medication compliance rate of only about 50 percent. In developing countries, the rate is even lower. Whether it's due of a lack of understanding, a lack of motivation, or a lack of concern, the failure to take medication as directed can have serious consequences. *Taking Your Medicine: A Guide to Medication Regimens and Compliance for Patients and Caregivers* makes taking medication easier, examining organizational, educational, and behavioral impacts on compliance, apprehensions over adverse drug effects and side effects, choosing a pharmacist, specific methods for improving compliance, reasons for noncompliance, considerations in taking medication, and patients' rights. *Taking Your Medicine* addresses: prescription and OTC drugs medical conditions affected or caused by noncompliance generic substitutes for brand name medications being an informed consumer-10 simple questions for health care providers dealing with Internet pharmacies Health Insurance Portability and Accountability Act (HIPAA) regulations online security of medical information and records interactions between drugs and other drugs, vitamins, herbal supplements, food and nutritional products, tobacco, and/or alcohol and much more! *Taking Your Medicine* includes charts and tables that provide essential information on treatable chronic diseases and acute conditions, common abbreviations and their meanings, common alcohol warnings, potentially dangerous drugs for elderly patients, pharmaceutical companies that offer medical assistance programs for seniors, and Web sites with specific information for senior citizens, parents and children. It's an invaluable resource for consumers who take prescribed medication and for caregivers—friends, family members, or health professionals—who provide them with

help.

*A Field Guide to the Birds of the Atlantic Islands* Nov 02 2022 This is the first comprehensive field guide dealing exclusively with the birds of this spectacular region. Birds of the Atlantic Islands covers all resident, migrant and vagrant species found in Macaronesia which comprises the Canary Islands, Madeira, Azores and Cape Verde. Over 450 resident, migrant and vagrant species are illustrated with full details of all the plumages and major races likely to be encountered. Species accounts are accompanied with concise text outlining bird identification, status, range, distribution and voice. This authoritative book will not only be an indispensable guide to the visiting birder, but also a vital tool for those engaged in work to conserve and study the avifauna of this region. The Atlantic Islands shelter a remarkable diversity of birds, many seriously endangered with small and vulnerable ranges. It further covers the climate, geography and ornithological history of these incredible islands, as well as practical guidance on the best birdwatching areas.
